BERLIN CLAIMS
KIEV CAPTURED

Bombing Attacks Made On
Both Odessa And Moscow
Says Communique

BERLIN, Sept. 20.—Heavy new German bombing attacks which damaged a Soviet battleship east of Leningrad and scored new victories in the Black Sea were announced by the high command today following entry into the Ukrainian metropolis of Kiev by German troops and the capture of Poltava.

Latest advices from the Ukrainian sector of the front indicated the German legions are now pushing toward Kharkov and the rich Donets basin.

Kiev Capture "Easy"
Capture of Kiev was made easy, a new German bulletin said today, "because" after the higher Soviet leadership fled, the whole garrison threw down its arms and ceased further resistance.

Both Odessa and Moscow were bombed again last night, the communique added.

A military communique which told of the damage to the Russian battleship added that German bombers attacked Soviet naval units in the Black Sea, seriously damaging a Soviet anti-aircraft cruiser, a smaller warship and three merchant vessels totalling 10,000 tons.

German troops are in complete possession of the islands of Worms and Moon in Riga Bay, and have captured the eastern part of Oesel.

PA NEWC OBSERVES

During a conversation with Game Warden Frank "Jewie" Cogen, Pa. News was informed that Lawrence County is too well populated with foxes. The speedy animals are particularly noticeable in the northeastern section of the county. Around Plainville, the foxes are enjoying daily pheasant dinners with chicken as a side dish.

At the foot of the Ellwood City hill, a well proportioned deer has been making an occasional trek across the highway. Pa. News has been informed. An unprecedented number of deer are being seen throughout the county, incidentally.

Collegiate football's 1941 panorama passes the starting line Saturday afternoon. More than 20 games, some involving the higher crust of the game, will hoist the curtain. A week from tomorrow, however, practically every major collegiate eleven in the country will inaugurate the season.

Observing the amount of weeds growing in and around the city, and these pesky plants full of seeds ready to fall to earth, these parasites of the soil will have a big start on the useful vegetation in the spring.

Superintendent of Highways Edwin O. Reed states that the flexible, stone base road, being constructed on the Ellwood City highway, will be completed by the end of the year.

British Bombers Seek To Aid Reds

(BULLETIN)

(International News Service)

LONDON, Sept. 20.—British bombers struck a blow on behalf of embattled Russia last night and early today by attacking Stettin, deep in northeastern Germany.

British authorities said it is known that Stettin is an extremely important supply base for German forces on the eastern front.

Other targets in northern Germany also were pounded by the RAF.

Guns Identified As Stolen Here

Blattmann Also Identifies
Feelo As One Of Bandits
In Holdup Here

William Blattmann, proprietor of Rohrer's gun store, Water street, today identified the corpse of Albert Feelo as one of the two bandits who held up the gun store and fled with more than \$100 in cash and revolvers Monday afternoon.

Blattmann also identified two of the revolvers as having been stolen from the Rohrer store.

He did not identify the rifle with which Everts was shot dead, as belonging to the store.

Albert W. Snyder, local insurance adjuster, also identified the body of Feelo as that of one of the men who held up, trussed up and then women employees of the Francke

Three Are Burned To Death As Train Crashes Into Auto

Father And Son Are Two Of
Victims Of Tragedy Near
Pitman, N. J.

(International News Service)
PITMAN, N. J., Sept. 20.—Three persons—a father and son and a boarder in their home—were killed today when a Pennsylvania-Reading Seashore Line train demolished their automobile at a grade crossing in nearby Sewell.

The victims were William Shutt, Sr., 58; his son, William, Jr., 17; and George Forman, 50, of Tyler's Mill road, just outside of Sewell.

Forman was burned to death when the car, wedged against the third rail of the electrified tracks, caught fire.

Harry Deerhalter, of Atlantic City, engineer of the train, and George Shock, of Millville, the conductor, were taken in technical condition.

Police and firemen immediately rushed to the scene and extricated the seated bodies of the three men today when the bus electrified line was tied up, and two buses were called to take train passengers on their way. The train left Millville at 7:30 a. m. and was due in Camden at 8:33, railroad authorities said.

Whether the attack was made by torpedo planes, submarines, or surface craft was not stated.

(The British Mediterranean fleet and air force for the last ten days has been carrying on a concerted campaign to cut Axis sea communications between Europe and Africa.)

"British planes bombed Tripoli and Benghazi," the communique added.

(Italian forces repelled a British armored attack on Italian positions in the Solium sector in northwestern Egypt and scored other successes in Africa.)

Soviet Troops Will Battle To Death At Kiev

Moscow Reports Claim Ger-
mans Suffer Huge Losses
In Kiev Battle

(BULLETIN)

MOSCOW, Sept. 20.—Soviet troops will battle to the death in the fierce struggle now raging at Kiev, the official Moscow radio and the army newspaper, Red Star, said today.

"Gunners at Kiev will go on fighting the enemy until death," the paper said. "The Germans shall pay dearly for the city. The Red army is sparing no efforts to inflict the greatest possible losses on the German hordes."

"Fully fifteen German divisions, including numerous panzers and great concentrations of aircraft, are engaged in the battle."

Life And Death's Struggle
"The latest communique just received speaks of a continued life and death struggle, which is especially fierce in the suburbs."

Earlier, Red Star announced that

HYDE PARK, Sept. 20.—President Roosevelt today signed the new tax bill—providing for \$3,553,400,000 and the largest in the history of the United States.

At home for the week-end, the bill was brought to the President's study where he affixed his signature to it making it law.

Deny Report Red Fleet Is Interned In Finnish Waters

(International News Service)

STOCKHOLM, Sept. 20.—Swedish authorities, the newspaper Dagens Nyheter said today, have denied rumors that the Russian Baltic fleet has arrived in Swedish waters and been interned.

The reports said that from 27 to 39 Soviet ships had been surrendered to Swedish authorities at Sandhamn, off the Stockholm archipelago.

Dagens Nyheter explained that the rumors may have been started by unconfirmed information that the Soviet fleet has left Kronstadt, the naval base in the Gulf of Finland.

German dispatches in the last fortnight have told of heavy damage by the Nazi air force on the Russian Baltic fleet.

(Early today the Germans said a Russian battleship was damaged east of Leningrad—indicating that the ship was in the Stalin canal, the only avenue of escape for the Russian fleet towards the White sea.)

German-Turkish Trade Talks Will Occur Next Week

(International News Service)

LONDON, Sept. 20.—A Reuters (British) dispatch from Ankara said today that German-Turkish trade talks are expected next week with the aim of increasing the Reich's supplies of tobacco, vegetable oils, mohair, cotton and wool.

In return, Reuters said, the Turks want war materials, ammunition, rails and bridge equipment.

The dispatch said the Germans refused to deliver planes to Turkey and that the Turks refused German chrome demands.

Eight Killed In Air Crashes

(International News Service)

A toll of eight dead was counted today in crashes of army airplanes within the last 24 hours. Another flyer was seriously injured, and three saved themselves by skillfully landing damaged planes.

The dead were:
Second Lieut. R. H. Keith of Durham, N. C.
Second Lieut. Leland A. Vair of Dunlap, Kans.
Second Lieut. Carlyle C. Hoch of Newark, N. J.
Second Lieut. Angus J. McDonald of Los Angeles.
J. C. Foster of Fort Worth, Tex., a civilian instructor.
Ronald S. Bierer, 21, of Brooklyn, N. Y., a flying cadet.
First Lieut. Walter H. Boyd of Long Beach, Calif.
Corp. Artie M. Howard of Saylorsville, Ky.

Keith and Vair died in a three-engine plane which crashed near the town of Saylorsville, Ky.

The dead were James Young, and William Anderson, both Pittsburgh Negroes.

Russell Crossgrove, a watchman stationed several hundred feet away in the direction from which the train approached, reported he signalled with his hand but the workmen said they did not see any signal. Pete Simlak, foreman, blew his warning whistle and jumped to one side just as the train bore down on the curve.

Four other workers leaped but Young and Anderson failed to make it. C. R. Johnson, the train engineer, halted his train at Dixmont, a mile west of the accident and telephoned word to Pittsburgh that he thought he had hit something, company spokesmen said.

Two Men Drive Autos At High Speed Into Walls

(International News Service)

NEWARK, N. J., Sept. 20.—Unhappy love affairs today were the reasons ascribed for the suicide attempts by two men who drove their high speeding automobiles into concrete walls. One man was killed and the second was in critical condition in a hospital.

Adam Stevens, 29, after a quarrel with his girl friend, drove his car at 80 miles an hour into a concrete loading platform and was fatally injured.

Bennet Patterson, 32, of Elizabeth, charged with his estranged wife, Dorothy, 33, in Weequahic Park, Newark, in an attempt to get her to return to him. When she refused, he jumped into his machine and drove at high speed into a wall of a stadium. He was rushed to a hospital with a broken neck, crushed ribs and severe cuts.

Two of three bandits who held-up the Harrisville bank in Butler County, Friday afternoon of approximately \$2,000 are dead; and a third is a wounded prisoner in the Ellwood City hospital; following a gun battle at the Fifth Street bridge in that city and later a battle along the Belton-Beaver Falls dirt road late Friday afternoon.

The battles and capture occurred less than three hours after the hold-up. A large portion of the money was recovered. The bandits reportedly are the same who robbed the Rohrer gun store here on Monday afternoon. One bandit was killed yesterday and the second died this morning. The dead are:

Virgil Everts, 27, Smithfield, Pa.
Albert Feelo, 26, Republic, Pa.

The wounded prisoner is Kenneth Palmer, 33, formerly of Volant, but who has been living in Detroit for some years. According to reports he was concerned in the first hold-up at the Volant bank, and served 7½ years in prison for that robbery.

Nine City Men Leave Monday

Selected Men Will Be Sent
To Camp Meade For In-
duction Into Army

WILL GO DIRECT
TO ARMY CAMP

Nine New Castle young men, called up by the two city boards, will leave New Castle Monday morning for Fort George Meade, Md. where they will be inducted into service. These men are answering the 14th call for Selected Men issued since the draft went into effect a year ago.

Men from Local Board Two received their final instructions at the board's headquarters in the old Knitting Mill building this morning. They will all leave over the B. & O. railroad at 7:30 o'clock.

Those in the call are as follows:
Local Board One: Walter Frank Malizia, 140; Croton avenue, Robert McKee Boal, Kurtz Place, Clarence Carm, Latina 811 Locust street; Robert Arthur Emery, 22 Laurel avenue; James Alec Polend, 109 North Mill street.

Local Board Two: Joseph Francis Frazier, 927 Warren avenue; Marv Bill Sniezek, 1806 Moravia street; Alfred Herman Pacella, 213 Montgomery avenue; Joseph Wysocki, 908 Cunningham avenue.

They're back today from the northern wilds, back with a load of fish, and confidentially let me say, that lake trout is just my dish. They claim to have caught several hundred pounds and maybe they did at that, for the lake is full or at least it was at the place my friends were at. Oh the tales they tell and the ones untold, but the biggest ones got away, which is known as a fisherman's alibi, it's seventy three today.

Dr. E. H. Cluver, director of the Institute declared:
"We are absolutely certain we have isolated the germ."
"A vaccine soon will be prepared and we hope it will be wholly successful."

The statement said the germ was tracked down as a result of experiments undertaken at request of the South African defense department to prevent "repetition of the scourge which swept the world in 1918."

Tropical Storm Moves On Coast

Storm Rages In South Atlantic

Weather Bureau Issues Bulletin On Direction Of Storm And Speed

WARNING ISSUED TO SMALL CRAFT

(BULLETIN)
(International News Service)
NEW YORK, Sept. 20.—A tropical storm raging over the south Atlantic ocean was centered at 1 a. m. E. S. T. about 490 miles east of the Florida coast, and was moving eastward about 14 miles an hour, an advisory issued by the weather bureau said today.

The advisory, relayed from Jacksonville, Fla., to the New York weather bureau said:

"3:30 E. S. T. a. m. The Atlantic disturbance was centered at 1 a. m. E. S. T. latitude 29 north, longitude 72.5 west or about 490 miles east of the Florida coast moving eastward about 14 miles an hour.

"It is becoming elongated and in conjunction with high pressure over the Atlantic states and adjacent waters it is causing fresh to strong increasing winds west of the center to the Florida coast and strong easterly winds and gales over waters north of the center.

"Small craft along the Atlantic coast should remain in port and caution advised vessels north of latitude 28 degree N. against winds of gale force during the next 36 hours."

SOVIET TROOPS WILL BATTLE TO DEATH AT KIEV

(Continued From Page One)

the Germans had lost ten divisions of crack troops in addition to hundreds of tanks and planes in their fierce onslaught on the Ukrainian metropolis.

(Editor's Note: British authorities in London said they still had no official confirmation of German claims that Nazi forces captured Kiev. They added no new information regarding the situation around the far northern Russian port of Murmansk has reached London.)

Still refusing to concede German claims that Nazi forces have captured Kiev, the latest war communication stated:

"During the night of September 19, our troops continued fighting along the entire front, and especially fierce fighting took place at the gates of Kiev."

(Editor's Note: The version of the Russian communication circulated by the British Exchange Telegraph news agency said "... especially fierce fighting took place near Kiev."

While flaming warfare raged on the Kiev front, German bombers last night and early today once more attempted to raid Moscow, but failed to inflict more than slight damage.

Officials said that a number of raiders attempted to break through Moscow's ring of air defenses, but that only one succeeded in reaching the city.

This plane dropped bombs which caused only slight damage, it was stated.

Authorities added that the huge German army on the Kiev front was piling up "enormous losses." An official high command communiqué, issued at midnight, stated:

"Fighting continued along the entire front yesterday.

"The struggle was particularly fierce at Kiev."

The war bulletin added 45 German planes were destroyed September 17 while the Soviet air force lost 23 machines.

BESSEMER CLUB HAS "HOBBY-FLOWER SHOW"

A "Hobby-Flower Show" combined, a unique idea created and carried out by the Bessemer Woman's Club members, resulted in another success which dots their calendar of activities, when they opened the doors of the Bessemer High school to a throng of guests numbering close to five hundred, Friday evening, who enjoyed to the utmost, their display arranged as one of their special projects.

Mrs. Wilbur Miller, chairman in charge, and her committee of aides, Mrs. Bart Goughler, Mrs. Paul Kanegesser, Mrs. W. B. McCullough, Miss Frances, Fullerton, Mrs. Charles Weitz, Mrs. Verlan Stearn, Mrs. R. E. Murtland and others who co-operated, are to be complimented for the excellent manner in which the event was put on.

Arranged on tables were collections of rare china, glassware, lamps, lanterns, quilts, coverlets, miniatures, pitchers, one of the largest and most interesting collections of buttons, costumes, articles of clothing dating back when "Grandma" was a girl, and many other oddities.

A beautiful display of flowers in the auditorium, added to the colorful setting, which proved especially interesting to the several hundred visitors. Outstanding, was the special display of articles from Mexico, by Miss Esther Landman, and the men were not forgotten, for they too had a showing of gun stamp collections, articles made from wood and other items that take the masculine eye.

A highlight was the "Gay Nineties Fashion Show" with creations of the long ago, and the "talk of the town" were modeled by the younger set and several of the club members. Gorgeous gowns, handed down from generation to generation and treasured by the owners, were shown, to advantage amidst this interesting and colorful event to the appreciative audience.

Throughout the evening, special music was contributed by Mrs. Cecil Flynn, violinist of this city, and her accompanist, rounding a most perfect and enjoyable occasion.

Lunch was served during the evening, under the direction of the Ways and Means Committee, with Mrs. A. A. Shoup and aides in charge.

The next meeting of the Bessemer Womens club will be Tuesday, September 30.

The Parent Problem

By Garry C. Myers, Ph.D.

TEACHER GIVES HER SIDE

There are some bad parents and teachers; many good ones. From time to time I try, in this column to help the school and home understand each other better and both to understand and guide children more intelligently.

In the mail came the following letters from a parent and teacher, respectively. The parent writes:

"Dear Dr. Myers:—Will you write for teachers in schools? Show them how to get order with groups of children. Should they punish and how? Should they pull hair, shake, cause child to crawl on hands and knees because he was on the floor when he should not be? Stand in the corner, be sent home, have his cheeks pinched to get his attention? Should the teacher talk loud enough to be heard above the din of disorder? Should she punish with a ruler or strap?"

A Teacher Writes
"Inconsiderate attitudes and remarks of parents are the greatest burdens we teachers have to bear."

"Teachers spend much time and money preparing themselves for their work. They certainly are better trained for their position than teachers of days past. Teachers have been interested in child psychology, health, recreation, fine arts, and everything that contributes to the physical, moral and mental development of a child."

"From the health lesson the parent often gets the idea that the teacher is trying to boss Johnny's eating. When a program for entertainment is planned, they say that Mary is hurt because she did not get the part which was assigned to Sally. When Jim is disciplined, his mother, or rather his parents, want him to obey but object to his being humiliated before the class. When the industrious and cooperative pupil does his best, he becomes the teacher's pet. When a teacher attempts to use stronger methods of discipline than those used in the average home, she never escapes the most severe condemnation."

"Why do parents hamper teachers with such unjust criticisms? Why not permit the teacher, who is only human, to perform her duty as her better-training and sincerity dictate?"

Different Viewpoints
So there you are, two persons looking from different angles. Parents need to remember that a teacher has no easy job with so many children. They should guide them at home so children will cooperate at school. Teachers need to remember that parents with less training than they have in child development and child psychology should not, as a rule, be expected to understand children as well or be as skillful in their guidance. Neither parents nor teachers will get far by rebuking each other. Their problem is to try to understand each other and together try to understand the child better and guide him more wisely.

Solving Parent Problems

Q. Would you give me names and publishers of some good books on helping me to get along well with others and to win more friends. Also some books that might help me go over some of my fears and worries.

A. Write me in care of this paper, enclosing a self-addressed envelope with a three-cent stamp on it, and I shall be glad to send you a list of such books as you describe.

Just Folks

By EDGAR A. GUEST

EQUALITY
I wonder if the rich folk see more blossoms on the apple tree Or clearer hear the meadow lark a-singing in the sun? I wonder if some millionaire of beauty gets a double share Or eats a better meal than I when all his work is done?

I wonder when we fishing go if rich men better luck can know Than I who have a day to spare with hook and reel and line? And are they likelier to get much larger catches in the net Or any finer small-mouthed bass than those that will be mine?

I wonder can the rich man's eye see more of earth and sea and sky. Or can he hear one burst of song that is denied to me? When both of us are on the stream away from plot and plan and scheme 'Tis luck alone must say at last which one will happier be.

Oh, there are times in life I know when riches make the greater show And times when less cannot afford what much has power to do, But never can the millionaire take more of beauty than his share Or more of joy from game and song than either I or you.

Bible Thought For Today

He that despised Moses' law died without mercy under two or three witnesses: Of how much sorer punishment, suppose ye, shall he be thought worthy, who hath trodden under foot the Son of God, and hath counted the blood of the covenant, wherewith he was sanctified, an unholy thing, and hath done despite unto the Spirit of grace?

"My young daughter has great difficulty in keeping her bedroom tidy. I know she reads your column daily. Would you kindly take up this subject in the near future? Her closet is especially objectionable."

Answer: Untidy rooms result as often from lack of equipment as from temperamental disorder. The habit of throwing shoes helter-skelter on the floor of a closet will soon be cured if one of those convenient gadgets, each with a half-dozen or more shoe pockets, is tacked to the closet door. Slovenliness of closets results also from the lack of a rod and enough clothes-hangers for all garments to be put away. Order cannot be maintained in closets if these hangers are hung on the hooks ordinarily screwed into the three sides of the wall. Paper lying about or the chairs usually results from lack of waste baskets. There should be at least one for every room, especially the bathroom. Many a secretary who can keep her employer's office neat because there is a drawer or pigeon-hole for each item is unable to keep her own apartment neat because she does not go to an antique shop and invest in a highboy or lowboy and secretary desk in which to put away books, magazines, photographs and the other flotsam and jetsam that is saved from the waste-basket.

Question: (1) What form of a salutation should children be taught to use when meeting elders? (2) Should children be permitted to call their mothers' and fathers' friends by their Christian names?—R.

Answer: (1) How do you do. Mr. Smith. "Hello" should be reserved for their very intimate playmates. (2) No. They should call acquaintances by their parents Mr. Smith and Mrs. Smith. Children are frequently trained to call their parents' intimate friends "Aunt" and "Uncle."

Question: When the church has two main aisles, which should be used by the wedding party?—B. B. B.

Answer: You may disregard one of the aisles and use the other for both processional and recessional, seating the guests as usual (the bride's friends and relatives on the left side; the bridesmaids on the right). You may, instead, if you prefer, use the right aisle for the processional and the left one for the recessional. Only one aisle is customarily used, if the wedding is a large one, both aisles are then usually in use. In the latter case, the bride's parents should occupy the right side of the first middle pew and the groom's parents the left side of the same pew.

TYPOGRAPHICAL ERROR

"The typographical error is a slippery thing and sly. You can hunt till you are dizzy, but it somehow will get by. Till the forms are on the press, it is strange how still it keeps. It shrinks down in a corner and it never stirs or peeps. That typographical error, too small for human eyes. Till the ink is on the paper when it grows to mountain size. The boss, he stares with horror, then he grabs his hair and groans; The copy-reader drops his head upon his hands and moans—The remainder of the issue may be clean as clean can be. But the typographical error is the only thing you see."

Soviet Embassy Goes In For Strong Words
Silence Is Broken Following Hitler Attack
Ambassador Oumansky Knew What We Thought

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, Sept. 20.—Washington's most valuable embassy today is Russia's. It was as silent as a cemetery until Herr Hitler attacked the Soviet folk. It was good diplomacy for it to keep quiet. It knew perfectly well what we loved—of Communism, and that every peep it emitted would be used against the Axis invaders. And did he tear loose, with a view to capitalizing it!

He grants interviews. He makes speeches. And the amount of typographical and mimeographed publicity that he disseminates makes the United States government's output look scanty in comparison. Our own government, of course, has a lot of departments and agencies, each of which turns out a release or so almost daily, but the entire collection of 'em doesn't begin to stack up alongside Ambassador Oumansky's.

Some of his make peppy reading. They go in for strong language. For instance, I have before me an Oumansky account of a Russian women's anti-Nazi meeting held recently in Moscow. The addresses that gathering's spokeswomen spouted must have made Adolf's ears burn, if he listened in on 'em over the radio. Illustratively, said Valentina Grizodubova, famous woman flyer. "The Red army is dealing the final blows to Hitler's beasts. The battlefields are strewn with the corpses of Nazis. The enemy is bleeding to death. Yet he's still strong and devilishly perfidious. Kill, the beast!"

Only One Language
Aviatrix Grizodubova recognized. To be sure, that Axis forces occupy a considerable area of conquered territory and her evident purpose was to stimulate its inhabitants to a continuation of guerrilla strife. "Let every home every guilty, every bush spread the death of Nazis, their merciless extermination. There is (Continued On Page Five)

THE MERRY GO-ROUND.

It should never be forgotten that when the Democratic Party Convention held in Chicago in July of 1932 nominated Franklin Roosevelt as its candidate for the Presidency, candidate Roosevelt in his acceptance of the nomination pledged himself to a plan of strict economy in handling the finances of this country in the event he was elected. He promised to do away with useless Bureaus and cut down on the staff of the executive branch. The voters of the nation believed him, for the Democratic Party had always been, up to that time, the exponent of thrift in governmental expenditures.

Following his induction to office on March 4th, 1933, the President at once fathered a new Bureau known as the NRA. While this organization was declared by the Supreme Court to be unconstitutional, a multitude of other Bureaus were set up at the instigation of the President—the AAAs, the CCCs, the WPAs, the PWAs, the HOLCS, the latter being followed by the FHAs.

The reader of newspapers is supposed to know for what these abbreviations stand. The reader is supposed to translate them himself, but the Bureau has multiplied to such an extent that the reader needs a glossary at his elbow to know what Bureau is intended.

The Defense Program has raised up other Bureaus, notably the OPM and the OPACS—now there is one for the reader to digest and translate into English. It is the Office of Price Administration and Civilian Supplies. This Bureau (the OPM, Office of Production Management) are now arguing over this and that order—whether it should emanate from this Bureau or that Bureau.

Of course, the Labor Act brought on the NLRB, and the desire to regulate the New York Stock Exchange brought on the SEC (Securities Exchange Commission).

"Food will not only win the war, but the peace."

WORCESTER, Mass. — Leverett Saltonstall, Massachusetts governor, calls for less talk and more action.

Fear Or Cooperation?

WASHINGTON, Sept. 20. IF there is any excuse for the way in which (the President setting the example) everybody in authority in the defense organization carefully avoids mentioning the extraordinary manner in which organized labor strikes on defense work have developed—and are delaying—the vital job of defense, it has not been advanced.

IF there is one, certainly some spokesman of the administration should present it. In the absence of such excuse, there seems no answer to the charge that, on this matter anyhow, the administration is as lacking in courage as it is in candor. For example, take the utterances on Monday of Mr. Roosevelt, Mr. Knudsen and Mr. Nelson. Three more conspicuous governmental spokesmen hardly could be found.

AND did they touch upon this matter of strikes? They did not. Though they well know that in the past seven months more than 5,000,000 man days have been lost on army and navy contracts alone, not one of them referred to that shocking and sensational fact. The President reported on the operations of the Lease-Lend act, giving the disappointing figures of the amount of goods delivered to the British since last March, but failing utterly to mention that but for defense strikes this amount would have been very greatly increased. If that is dealing frankly with the American people, then words have lost their meaning.

BUT, in this avoidance of the truth the Messrs. Knudsen and Nelson went beyond the President, because their speeches were devoted—to stressing the awful danger of delay. Mr. Knudsen, urging the necessity of "stepping up production," declared that if "every American would work just 15 minutes longer a day, that would give us 75,000,000 more man hours." It is a silly calculation, because most Americans are not on defense work. It is a meaningless statement because it takes in millions whose work does not affect defense contracts and it fails to focus upon the millions whose work does.

HIS colleague, Mr. Nelson, however, went beyond Mr. Knudsen in calculated sidestepping. Insisting that we double our effort and then "pile more on top of that," Mr. Nelson solemnly declared: "In every area of national life we have got to work off the fat and harden the muscle. We cannot waste anything—not the labor of one man, not the use of (Continued On Page Five)

Psychologists have the darndest way of upsetting popular traditions and beliefs!

Calmness has always been considered a virtue and irascibility a vice.

Now Drs. Freeman and Haggard of Northwestern University say that the fellow who flares out in a sudden burst of anger gets over it quickly, while the person who remains outwardly calm settles within and is apt to get indigestion.

Don't brag about not needing an alarm clock because you have learned how to wake up at a certain time in the morning, for another experiment has proven you probably lie awake nights waiting for rising time. Result: Irritability and nervousness during the day.

If psychologists were as clever in finding the cure as diagnosing the ailment, there might be eternal peace in this world!

BIRTHDAYS OF FAMOUS AMERICANS

(Compiled by Encyclopaedia Britannica)

SEPTEMBER 20

1820—John Fulton Reynolds, soldier, at Lancaster, Pa. He was graduated from West Point in 1841 and served in the Mexican War. About a year after the Civil War started he was commissioned a major-general of volunteers and appointed to command the first corps of the Army of the Potomac. He was killed by a rifle bullet at Gettysburg on July 1, 1863.

1861—Herbert Putnam, librarian, at New York City. He was appointed librarian of the Library of Congress in 1899. Prior to that time he had been in library work at Minneapolis and Boston.

1878—Upton Sinclair, author, at Baltimore. He first won recognition with his novel "The Jungle," a realistic study of social conditions in the Chicago stock yards, which aided the passage of the pure food laws. Other important novels were "The Journal of Arthur Stirling," "Oil," and "King Coal." He was for many years active in the Socialist party.

Calvary Gospel Tabernacle To Give Awards At Close Of Courses

Diplomas from the Moody Bible Institute will be presented students enrolled in the new Bible school for adults at Calvary Gospel Tabernacle at the conclusion of each course of study.

According to announcement by Pastor Raymond J. Fredericks, enrollment is still open for these classes, which will be held every Friday evening at 7 o'clock during the fall and winter months.

Studies will be made in Old and New Testament history Sunday school administration, evangelism and the panorama of the ages, a study of the ages of Bible history which gives the student a clear understanding of God's methods of dealing with mankind during the different ages, past, present, and future.

The Calvary Gospel Tabernacle is also presenting a special series of Sunday morning sermons based on the book of Leviticus in the Old Testament, and a special Sunday evening series on Bible prophecy.

Joint Conference Here October 5

only one language to speak to this gang of cutthroats—the language of murder, bullets, axes and pitchforks.

"Women of the entire world! Rise against the Nazi regime! Rise in vengeance against the killers! Holy wrath against the enslavers."

Secretary Klavdia Nikolaeva of the Russian Central Trade Union Council chipped in with this contribution: "Every mother, wife and daughter is filled with anger and hatred for the hangman Hitler and his ravishers. Women! We know that war is no easy thing. But it is possible for a mother's heart to remain calm while Nazi bandits shoot defenseless children, attack girls, kill old people, plunder and pillage!"

Anna Karavayeva then took her turn with a reference to "The cursed brown plague which has drenched Europe with blood, and polluted the air with the miasma of death and decay."

"Women of the world," continued the speaker, an authoress, "you are filled with passionate anger when you hear of the countless sufferings of women and children in Nazi countries of the violation of girls, of the slaying of infants before their mothers' eyes. That makes us one."

Nurse Sokolovskaya, just back from the front, was heard from. "Women of countries seized by Hitler's scoundrels, we hear the moaning of your children, of your outraged daughters. When one listens to these groans, one does not think of danger; one thinks only of one thing—how to avenge these cries and get rid of the Nazi cannibals."

According to Marina Raskova, another aviatrix, "Hitler hoped to frighten us by atrocities. He miscalculated. Nazi outrages only kindled hatred of the enemy. Tortured and mutilated bodies, graves of relatives, buried alive, and heaps of charred ruins call for ruthless vengeance."

Dolores Ibarruri, a Spanish visitor, had a word to say—"Let every woman be able to proclaim with pride on the day of victory over the Hitlerite reptile, I helped to annihilate humanity's most malignant enemy."

The Picture Changes

That's a fair sample of Ambassador Oumansky's literature.

When the ambassador first arrived in Washington he tried a few times, to hold receptions at his headquarters, but hardly anyone came to him, on account of the kind of government he represented. So he gave it up as a bad job—until the other day, with Moscow and Berlin fighting one another. Then he sent out a fresh bunch of invitations and his embassy simply swarmed with notabilities. Incidentally, he made a speech to his guests and was enthusiastically applauded.

The proportion of farms in the United States operated by tenants dropped from 42.4 per cent in 1930 to 38.7 per cent in 1940, according to the census.

The Great Game Of Politics

(Continued From Page Four)

one pound of material, not the service of one bit of machinery." Those are stirring words, but while Mr. Nelson was uttering them (and while the President and Mr. Knudsen were uttering theirs) there were in progress, on defense work, 22 strikes and one lockout, involving 12,419 employees. Nine of these strikes involved A.F.L. unions and 13 of them C.I.O. unions.

AT the same time 20,000 coal miners in the anthracite field had put an effective stop to production in a very wide region. In the light of these facts, Mr. Nelson's brave words, that "We cannot waste anything—not the labor of one man, the use of one pound of material or the service of one bit of machinery," seem more or less ridiculous. At the moment he made that statement the labor of many thousands of men was being wasted, the use of many tons of material was being lost and the service of numerous machines had been discontinued.

IF Mr. Nelson, Mr. Knudsen and the President do not know all this, then they are incredibly ignorant. If they do know it, then the avoidance of any reference thereto makes all these phrases about everybody working 15 minutes more, and not wasting the labor of one man unworthy and insincere. They are in the same class as that Labor Day telegram sent by Under Secretary of War Robert Patterson to the Messrs. Green and Murray declaring himself "profoundly gratified" at the noble showing of labor in face of the fact that in his own war department in seven months 2,900,000 man days had been lost through strikes on army contracts.

TO urge the people to double production and then say no word of reproach for the labor racketeers who have so seriously retarded the defense program—and still are doing so—cannot be justified and should not be excused. It is calculated to destroy confidence in those who operate the defense machine. From top to bottom the policy seems accepted that there must be no critical word uttered about anything that organized labor and organized labor leaders do. Men who long to speak out are restrained by the conviction that to do so would be resented at the White House. The result amounts to an administrative conspiracy to ignore these millions of many days lost and, being lost, as though no such thing had happened or was happening.

WHILE labor leaders close up factories and mines and shut machines in order to force higher wages, establish the closed shop and increase their political power, those in governmental authority declare they are "profoundly gratified." Otherwise they are silent, which is naturally regarded as acquiescence. If not encouragement, it is appalling that labor lobbyists should be able to inspire such paralyzing fear among the men who run the government. The only explanation is that the latter are cooperating in the effort to use the national crisis for further so-called "social gains."

Hints On Etiquette

When a friend extends to you the guest privileges of his or her club, be careful to obey all the rules laid down for members, and settle bills promptly. Don't put anything you order on your friend's bill.

Rev. Thornton Plans Reception

Rev. William A. Thornton, of the Epworth Methodist church, has announced that he will hold a public reception to the members of his church and congregation, Sunday morning at 11 o'clock.

At this time he will deliver a special address of welcome from the pulpit to the pew and will deal with things of mutual interest, and the program of the church for the 1941-42 Conference Year.

Rev. Thornton was recently reassigned to the church by the Erie Conference, and enters upon the third year of his pastorate here, Sunday.

change Corp.) All of these do not include such Bureaus as the F.B.I., the I.C.G.s and the S.M.A. I have not enumerated all of these Bureaus for I have not their initials at my command. I need a glossary also.

What does all of this mean? The peoples of the world, in the beginning of history, were governed by Chieftains and Councils, like the old Amphictyonic Council of Greece and the Witenagemot Council of England. This last sort of government resulted in the establishment of Bureaus which have evolved into Parliaments or Congresses, but in this formative period, in the background there was always what we call in English, a King. From the time of the crucifixion of Jesus Christ and the establishment of the Christian Church, the King became endowed by the people with a God-given power. He and his family were believed to have been chosen by God for the purpose of ruling.

Carlisle has said that our word "King" does not indicate God-given power, but only the fact that the King was the "Can-man" in German, the Koemig—the man who was able to rule, the strong man of the nation. Permeating out of all this through the ages was the sense of people to rule, and so little Democracies sprung up here and there. Our own form of government is the most extensive experiment in ruling a nation by the rule of the people. The whole matter of ruling, however, has been a merry-go-round of Kings, Councils, Bureaus, Democracies and back again from Democracies to Bureaus, to Dictators, or if you will, Kings.

The condition in these United States is just now very critical. We have had our fling at a Democracy and still insist that the people do rule, but we have permitted our choice for the nation's head to cause the erection of many Bureaus, and each Bureau is lessening the freedom of the citizen. Each Bureau is attempting by royal order to govern the everyday activities of the citizen. If he is a workman, he must do so and so before he can obtain work. If he is a manufacturer, he must sell his products for such and such a price and he may not make more than a certain amount of his products. If he is a merchant, retailing goods, he must likewise sell his wares for a certain amount.

In other words, our economic forces are being thrown out of joint by our present government and what is the natural result of all of this? There can be only one natural result and that is a Dictatorship—another Kingship, if you will.

Cadet Pilot Host To Face Doctors

Preliminary Physical Check-Up Comes Monday For Would-Be Airmen

Over 100 would-be Army Cadet Pilots of the New Castle district will be given preliminary physical examinations at the Elks club Monday evening, September 22, at 7:30 o'clock, it was announced today.

The Elks, along with their fraternal brothers the nation over, are co-operating with Army authorities in the "Keep 'Em Flying" program just launched.

Those successfully passing the Monday exam will be sent to face the Flying Cadet Board's final examination in Pittsburgh on September 29 and 30 and October 1. Those successful there will move closer to the actual Cadet training course.

Sergeant Owen Tighe, the Army recruiting head here, will be at Sharon Monday night to assist the Sharon Elks in launching their Cadet Pilot undertaking. His jurisdiction covers Lawrence and Mercer counties.

Report Two More Paralysis Cases

New cases of infantile paralysis—one in New Castle; and one in Wayne township—have been reported to Dr. Donald H. Eckles, district medical director here for the state.

The latest case in the city is six-year-old Eleanor Black, of 105 North Lee avenue, who lives a block away from six-year-old William Mitto, reported ill of the disease earlier.

Dr. Eckles said Eleanor and William are first grade classmates at West Side school, and Eleanor is one of a group quarantined by health authorities after the Mitto boy's illness had been pronounced poliomyelitis.

The county victim is Claude Stroops, 29, of Park Gate, at the edge of Ellwood City.

Great Fires Are Raging In Stettin

(International News Service) LONDON, Sept. 20.—Great fires were left raging in Stettin by bombers of the Royal Air Force which attacked docks, warehouses and railway yards in the important northeastern German city, it was officially announced today.

Stettin is one of the main supply bases for German troops fighting on the eastern front.

Bombers attached to the coastal command raided objectives near Nantes during the night, it was declared.

Two British planes failed to return.

Marlene on Job

Three weeks after fracturing the ankle of one of her million dollar legs, actress Marlene Dietrich returns to her Los Angeles studio in the company of director Mitchell Leisen. Carrying a baby on a set, Marlene stumbled but twisted herself in such a manner as to save the infant from injury.

Meets Bandits Before Crack-up

Local Auto Equipment Salesman Is Stopped By Bandit Gang At Koppel Bridge

Earl B. Cummings of 14 West Garfield avenue, salesman for the Pittsburgh Auto Equipment company of North Mercer street, had a thrilling experience during the bandit chase out of Ellwood City yesterday afternoon, encountering the bandit car just after crossing the toll bridge, coming from Koppel.

They stopped Cummings' car and asked him if he had seen any police cars down the road. Cummings replied that he had not, and they drove on hurriedly.

It was not until he arrived in Stettin a few minutes later that he found out what had happened. Being unarmed, he could not tackle the bandits himself, and felt lucky that they had not attempted to take his car.

Captive Mine Strike To End

Truce To Allow Miners To Return To Work On Monday Morning

PITTSBURGH, Sept. 20.—The captive mine strike at operations of the nation's giant steel industry was called off yesterday under a 33-day truce agreement and some 45,000 coal diggers who walked out six days ago to enforce demands for a union shop were ordered to return to work effective Monday.

Announcement of the truce agreement, which ended, for the time being at least, the threat of a nationwide sympathy strike in bituminous mines of the vast Appalachian field, was made by William H. Davis, chairman of the National Defense Mediation board.

"Representatives of the United Mine Workers of America and of the captive mines have accepted recommendations of the board for a resumption of work for a period of 30 days," Chairman Davis said. "And they will continue work thereafter until the expiration of a three-day notice given in writing by either side."

Fined For Eighty Mile Speed On Pike

(International News Service) JOHNSTOWN, Pa., Sept. 20.—Joseph X. Sauer, 24, of Pittsburgh, the "first victim" of speeding on the Pennsylvania turnpike, was arrested by Motor police today on a charge of driving 80 miles an hour on the new road in Somerset county.

He was fined \$10 and costs by Justice of the Peace Kenneth Wagner of Bucktown.

Police, it was learned, have strict orders to enforce the 70-mile limit on the highway. Sauer was driving a pickup delivery truck at the time of his arrest.

Trackmen Strike For Higher Wages

Flight Of Bandits In Robbery Halted

(Continued From Page One)

two of the bandits' revolvers were stolen from Rohrer's store.

The first battle Friday took place between Police Chief Ernest Hartman of Ellwood City, armed with a tommy-gun and the bandits at the intersection of the Fifth Street bridge, Ellwood City and the Wampum road. He wounded the three bandits, Feelo fatally. Feelo died today at 7:41 a. m. Palmer had bullets in both knees and head lacerations caused by a wrench.

The second battle occurred five miles outside Ellwood City along the Belton-Beaver Falls road. Pasta, a postman who was with Special Policeman Edward Shaffer of Ellwood City, seized a rifle laid down by Everts and shot him dead. It is believed the 30-30 Winchester also was stolen from Rohrer's store.

Palmer who had been wounded in the legs was pounded into submission by Shaffer who wrested a wrench from Palmer.

Probably Saved Others

Pasta's seizure of the rifle probably saved Angelo DeCarbo and Mrs. Laura Kish, both of Ellwood City from being shot and also himself after Everts and Palmer had commandeered the DeCarbo car and also held up Shaffer and Pasta's auto.

Following the trussing-up of four men in the First National bank at Harrisville, the place was robbed of approximately \$2,000. Word by teletype and radio was sent out by the Pennsylvania motor police to surrounding cities.

Get Clue on Fleeing Bandits

A woman driving her husband to work along the West Pittsburgh road heard the radio alarm and told Patrolman Peter Hillers of the New Castle police and the New Castle detail of the state motor police they had seen the black Buick coupe, Ohio C283M, speeding along the West Pittsburgh road.

The state motor police and city police sent out this information, the former telephoning to the Ellwood City police department. Officers from Youngstown, Beaver Falls, New Castle, West Pittsburgh, Butler and Wampum converged in the

West Pittsburgh, Wampum, Koppel and Ellwood City districts.

Chief of Police Ernest Hartman, of the Ellwood City police department, leaped into his auto after having secured a tommy-gun. He drove to the Fifth street bridge where the Wampum road intersects the bridge. He parked his car and awaited developments, not knowing for a certainty the bandits were headed there.

Suddenly he saw the bandits' car approach.

He stopped the car. "Come out with your hands in the air!" he exclaimed.

"As they got out they formed a V formation," he asserted, sensing that they intended to resist.

Pulled Revolvers

"They pulled revolvers as they raised their hands," Hartman declared, and bullets blazed from their guns.

Hartman brought the tommy-gun into action. It barked out bullets that hit all three. The exchange was at close quarters.

"One of the men fell. I think it was Everts, who died later. Palmer dragged him into the car while firing," Hartman stated.

"While dodging fire and zig-zagging to the police car to use as a barricade, I kept firing. All three were hit."

"They pulled away in their car. I got into my car and gave chase" he said.

Stopping of the car, the exchange of revolver and tommy-gun bullets and the dash of the bandits for freedom consumed only a few minutes.

After the bandits got under way one of the bandits poked a rifle, a 30-30 Winchester, through rear window. However, no shots were fired.

"As I followed the bandits coupe, which actually is a club-coupe, people attracted by the shooting directed me the route taken by the bandits."

Car Is Wrecked

"They went through Fifth street to Crescent avenue, Fifth street to Crescent avenue to Ninth street, north on Ninth street to Lawrence avenue, west of Lawrence to the Belton road where they wrecked the car. When I arrived at Belton road, Pasta and Shaffer had captured the bandits. I did not shooting at Belton road" he said.

People who saw the car leave the Fifth street bridge to go on its careening speeding way claim the bandits had so hurriedly dragged their accomplice into the auto his feet protruded out the door.

Meanwhile, Policeman Edward Shaffer, off duty and unarmed, heard and witnessed part of the fight on the bridge.

He got into the car of James Pasta and whirled toward Park Gate.

The bandits bleeding profusely, continued their wild flight in attempted escape.

Past Park Gate and thence into the dirt, rock-ribbed Belton road, went the bandits Buick.

Their car flashed by the hamlet of Belton, leaving a tornado-like cloud of sand-like dust in the rear. The driver, believed to be Everts, apparently became weakened by loss of blood which oozed from his body lost control of the car.

Five miles from Ellwood City and a mile or so beyond the Belton it careened to the right side and plunged over the road where there is a steep embankment.

Instead of catapulting and tumbling down the embankment its mad

flight was arrested by underbrush and a tree.

Crawl Out Of Car
Palmer and Everts crawled from the car and climbed 10 feet up the embankment to the road.

The bandits saw the car of Angelo DeCarbo approaching. In his car was Mrs. Laura Kash of Franklin avenue. She had stalled her own auto farther west on Belton road and DeCarbo had given her aid.

DeCarbo and Mrs. Kash were forced out of his auto and help carry the wounded bandit, Feelo, toward the car. Just then, Shaffer and Pasta arrived in the latter's car.

Everts and Palmer "threw guns" on the special policeman and Pasta and made them get out of their car and forced them to help Feelo into the auto, planning to make another dash.

Bandit Is Killed

"Get into the front seat!" snarled Everts.

"Do you want me to drive?" asked Shaffer.

"No!" the bandit snapped. However, that was when Everts made a miscue—he laid down his rifle.

Quick as a cat pounces upon a rat, Pasta acted.

He seized the rifle and pointing it at Everts, shouted:

"Don't move!"

"Get that gun out of the (glove) compartment," Everts yelled to Palmer.

Shaffer and Palmer both reached for the compartment.

Pasta shot Everts in the mouth, and Everts was apparently instantly killed.

Palmer picked up a wrench in the car. He struck Shaffer below the left eye. The blow caused a laceration.

Mrs. Kash joined in the fight. She struck Palmer with another wrench.

Shaffer and Pasta grappled with Palmer, and Shaffer wrested the wrench from him, then battered Palmer over the head, subduing him. Chief Hartman arrived at this moment.

Feelo who had been put into the car got a gun from somewhere. He was about to shoot through the rear of the car when Chief Hartman disarmed him.

Officers from New Castle and Pennsylvania Motor police arrived, loaded the living bandits and dead accomplice into a motor vehicle and took them to the Ellwood City hospital.

Everts had been shot with slugs from Chief Hartman's tommy-gun. These missiles landed in the left shoulder in the vicinity of the neck. Pasta's rifle bullet struck Everts in the mouth, reports stated.

Feelo was shot in the lungs. Palmer was shot in both knees and suffered head wounds from the wrench wielded by Shaffer.

According to reports bandits fired 17 bullets at Hartman at Fifth street and the Wampum road.

The bodies of both dead bandits were taken to the W. D. Porter morgue.

G-men, State Motor police, Ellwood City police and New Castle officers quizzed Palmer.

Feelo was in such a critical condition he could not be questioned. When one of the officers held him up he asked that he be laid down again on his back.

Money Recovered

According to reports nearly \$2,000 was stolen from the bank. Chief Hartman said that \$1,703 had been found in the car and in the bandits' pockets.

Reports say the trio came to this section from Cleveland, Thursday morning. The Rohrer robbery was staged Monday night.

The same car and license plates used in the Rohrer hold-up was used at Harrisville. In the bottom of a golf bag authorities found three revolvers and a set of Michigan license plates. Ammunition was also found in the car. Police Chief Willis G. McMullen of New Castle stated two of the revolvers found in the car by Ellwood City and State Motor police were of the same manufacture and calibre stolen. He also believes the rifle laid down by Everts and with which Pasta shot him dead, was stolen from Rohrer's store, although no report of a rifle having been stolen was made last Monday.

Police Chief McMullen also proposed to have Albert W. Snyder, local adjuster of insurance, scrutinize Palmer and the dead man. McMullen believes the trio may have been the same who, several weeks ago in the Frenche Company office, Sharon, held up, tied up Snyder and several women then looted the safe of about \$500.

Robbery at Bank

Two of the three bandits entered the Harrisville bank just a few minutes before closing time yesterday afternoon. They asked Cashier W. E. McBride for \$2 in nickels, and as he finished wrapping them, one bandit said:

"This is a stick-up. Don't reach for any buzzers or make a false move or I'll blow your brains out."

They held the other bank employee at bay while they scooped up all the available cash. As they were leaving, Howard Cooper, a lumber company employee, entered the bank to deposit \$350. He was forced to give up the money.

The robbers were intercepted in their flight through the quick action of Arthur Breneman, a farm implement dealer, who became suspicious of a car parked opposite his

store, its motor running and the driver intently scanning a newspaper.

Seeing the men emerge from the bank with drawn guns, he spread an alarm. Chief Hartman's subsequent battle with the bandits was witnessed by hundreds of people in the Ellwood City business district, since yesterday was a mill company payday.

The Harrisville bank has been held up twice during the past five years.

Some Highlights Of Bandit Chase

"I regard Chief of Police Ernest Hartman of Ellwood City as one of the most efficient police officers in this part of the country."

The foregoing statement was made at 10 a. m. Friday to The News police reporter in city hall by former State Police Sergeant Harold Peace, who is affiliated with the state department of public instruction as a tutor in police work.

Hartman attends these schools and is qualified as an instructor.

And now it can be told. Yes, folks the city police department had three of the license numbers of the car used in the Rohrer gun-store robbery shortly after the place was robbed—but this fact was kept quiet.

Rex Hughes, city electrician, was the man who caught the numbers, "283."

Chief of Police W. G. McMullen and Detectives Chief Ralph Criswell instructed men to watch for the car.

It isn't often that C. Ed Brown takes the kind of a jump he took yesterday. After the holdup report reached here, police needed cars for policemen. He not only volunteered his car but also acted as chauffeur.

He hauled Lieutenants George Kennedy, James P. Steiner, Policeman U. G. Harper and the police reporter to Ellwood City via Wampum and Koppel. Ed didn't have to be notified as to what to do. He is a former newspaper man.

As soon as Lieutenants Kennedy and Steiner saw the black Buick couple over the embankment, "That's it" meaning the car used in the Rohrer hold-up here. They saw lots of ammunition in the car.

G-men from the Pittsburgh district and plain-clothesmen, including Investigator Ray Shauers and also men from the New Castle substation of the Pennsylvania Motor police were in the search and among those who were at the Belton road death scene.

Youngstown police, as usual, came to the aid of Pennsylvania police yesterday. No sooner had the teletype and radio flashes been sent than police cars, loaded with officers, all armed with up-to-date weapons sped along the roads toward this city.

Constable Walter Bannan was notified of the Harrisville robbery and The News told him a city policeman had seen a car speeding toward West Pittsburgh. Bannan assembled his deputies and searched various lonely sections of that section.

NEW GALILEE

Mr. and Mrs. Danny King of New Waterford, Ohio, have returned after a few days visit here.

Rev. and Mrs. L. D. Wolf returned Wednesday from Johnstown and Lancaster, Pa., where they visited their daughter and son.

Mr. and Mrs. W. T. Jenkins were New Castle visitors recently having been called by the death of Mrs. Mary Owens McKinn.

Mr. and Mrs. Albert Welsh, were called to the home of Mrs. Welsh's sister, on the Wampum-New Galilee road, by the death of her brother-in-law Joseph Haswell, Wednesday.

Decorated as Hero

Pictured as she left Buckingham Palace, London, is Miss Jane Drummond, decorated by the king with the Medal of the British Empire for heroism. A second engine in the mercantile marine (and believed to be the only one), she ordered her crew up on deck when her ship was damaged by enemy action and, in peril of her life, stayed below and ran the engines until a safe haven was reached.

It's a thunderbolt of beauty . . . astonishing in the way it applies true aero-dynamic styling. The melting, fluent lines were frankly patterned after Chrysler's famous show car—The Chrysler Thunderbolt—"Car of the Future". Now—they're in the car of the hour!

It's a Spitfire Engine!

Even more powerful! You've no idea what get-away this new Spitfire has! There's been a lot of speculation about the new engine. Well, we're delighted to announce this new Spitfire engine is the most efficient—the most wear-resistant—engine ever developed by Chrysler. It's "built for the duration" and we're ready to tell you the facts behind that remark!

Girl Leaps In Suicide Pact

(International News Service)

PHILADELPHIA, Sept. 20.—Loretta Wanda Wolozyn, 21-year-old Bridgeport nurse, suffered critical injuries today when she leaped from a bridge in Fairmount Park in an attempt to fulfill her part of a suicide pact.

Her fiancé, Walter Gouak, 21, of Port Washington, told a police magistrate he was "too yellow" to follow the girl over the span. Instead he called for police, who found the girl's body below some trees which had broken her fall.

"I've been going with her a long time and we wanted to get married," Gouak explained, "but because of money and other things, including the draft, we weren't able to . . . we decided it was the only way out." He was held in \$800 bail for a hearing next Wednesday.

The youth first insisted the girl had accidentally fallen over the rail while looking at the scenery, but later confessed when Miss Wolozyn told her mother of the suicide pact.

Wounds Woman; Then Suicides

(International News Service)

CONNEAUT, O., Sept. 20.—Herman Eddy, 55, a Nickel Plate railroad yard worker, shot and killed himself today after seriously

wounding Mrs. Elizabeth Ring, East Conneaut widow, in her boarding house.

Police said Eddy, who boarded with Mrs. Ring, shot her in the stomach during an argument. She was taken to a hospital in a serious condition.

Twelve French Hostages Shot

(International News Service)

VICHY, Sept. 20.—Twelve more French hostages, said to be Communist officials and sympathizers, were executed in Paris today in reprisal for recent attacks on German soldiers in occupied France, according to an announcement by the Paris radio.

The German authorities warned that "humorous" hostages will be shot if any further attacks on German soldiers are made.

AUTO FIRE
Second ward firemen were called to Boyles and Highland avenue at 3:15 o'clock Friday afternoon, where the front seat of an auto belonging to George Stitzinger, of Shaw street, was found ablaze. Damage of around \$50 was done.

Popular use of public libraries is indicated by recent census bureau figures. Out of a total of 26 million dollars spent on the libraries of the 94 largest cities in 1938, the taxpayer received over 19 million dollars' worth of services and more

than three million dollars' worth of new books; whereas less than two million dollars was spent for administration.

Even before defense expansion, steel works and rolling mills in the U. S. constituted a three-billion dollar industry in terms of factory value of annual production and gave employment to more than 400,000 persons, states the census bureau. Wages amounted to \$569,000,000.

An executive is a man who sits at a desk and says: "Miss Brown, will you attend to this?"

Squire Reynolds Serves For Eakin

Because of illness, Squire J. H. Eakin, of Hillsville, asked Squire H. M. Reynolds of Union township to hold court in Mahoning township last night. Reynolds did and found Mrs. Mary K. Ebert, of Mt. Lebanon, guilty of speeding and fined her \$10 and costs of \$2.25. The charge was preferred by a motor policeman.

Woman's Society Meets At Oil City

Methodist Women Gather For Two Day Convention Thursday And Friday

Seven hundred were registered for the first annual meeting of the Erie Conference Women's Society of Christian Service, which was held Thursday and Friday in the Trinity church at Oil City. Representatives were present from all the Methodist churches in the Erie conference district.

Miss Bettie P. Brittingham, editor of the "Methodist Woman," and Mark Depp, D. D., pastor of the Christ Methodist church, East Liberty, Pittsburgh, were guest speakers for the two-day meeting.

Thursday afternoon's session opened at 1:30, and the worship service was led by Mrs. B. L. Middaugh, secretary of spiritual life. Miss Elizabeth Dalby, missionary from Corea, spoke on Christian service in other lands, followed by "The Book Shop," Mrs. E. R. Myers, secretary of literature and publications.

Miss Francis Hummer, who attends Scarrett college, also spoke during the afternoon meeting. Miss Hummer plans to go as a missionary to Malay next year, and she will be the first missionary to be sent out by the Erie Conference Women's Society of Christian Service. She is a resident of Titusville.

Following departmental group meetings, the session was adjourned. A fellowship dinner was served at 5:30, with a musical program in charge of Mrs. H. W. Swartz of Trinity church.

An organ prelude by Mrs. Ethel Miller Exley opened the Thursday evening session, and the worship service was led by Dr. Thomas H. Morris, assisted by Trinity church choir. It was during this meeting that Dr. Mark Depp gave his address.

Miss Bettie Brittingham spoke on Christian social relations and the local church at the Friday morning meeting, which opened at 9:30. Plans were made for organization and finances, and the election of officers was held. President of the conference is Mrs. C. C. Davis of Union City; vice president, Mrs. Harry Markie; treasurer, Mrs. Roy Wade.

Mrs. Bruce Wright led the memorial service just before the conclusion of the morning session. After luncheon, the final meeting of the conference was opened with a worship service led by Mrs. Middaugh. The following program was presented: "For This Hour," Mrs. V. L. Bloomquist and district president, Missionary Education and Service, Mrs. Floyd Davis, Miss Bettie Brittingham, speaker; contralto duet, Mrs. C. S. Hetrick, Miss Genevieve Davis; With Our Young People, Mrs. K. C. Vollbrecht; With Our Students, Mrs. Carl McMullen; With Our Juniors, Mrs. S. V. Holmes; With the Wesleyan Service Guild, Mrs. Ruth Brown; "Ruth M. Smith Children's Home," Mrs. C. C. Davis.

Concluding event of this year's conference was the installation and consecration service conducted by Dr. Harold McCurdy.

Pittsburgh Girl Is Strangled To Death

(International News Service)

PITTSBURGH, Sept. 20.—With childish glee, three-year-old Antoinette Donovan imitated a stunt she had seen her older brother, four, doing. She stood with one foot on a tricycle seat and the other on an iron fence.

She giggled, and then suddenly screamed as the tricycle moved. She fell, catching her head between the palings of the fence. The coroner said today she died of a broken neck and strangulation.

Russians Making Steady Progress

(International News Service)

LONDON, Sept. 20.—The Russians are making slow but steady and relentless progress on the Central front, the London Evening News reported today, quoting the Moscow radio.

Marshal Semyon Timoshenko was said to have recaptured fifteen villages during the day.

NEW CASTLE HIGH DEFEATS FARRELL 25 TO 7

Lee Stars In Rout Of Farrell Eleven

New Castle "Red Hurricane" Scores Third Win Of Season At Taggart Stadium Friday Night; Lee Scores On First Play Of Game; Locals Score Twice On Passes; Farrell Team Bewildered; Crowd Over 9,000.

CATCHING a good, big Farrell high football team off its guard in the first few seconds of play, Robert E. "General" Lee, the New Castle colored star, and his mates electrified the huge crowd that packed Taggart Stadium last night by handing the visitors a 25 to 7 defeat in the first meeting between Farrell and New Castle in seven years.

Hardly before anyone had time to get his breath following the usual thrill-packed kickoff, Robert E. "General" Lee took the ball on the New Castle 39 and raced like a deer through left tackle for 61 yards and a touchdown. Farrell high machine bite the dust.

It was victory number three for New Castle this season. It was the first defeat in 12 starts for the Farrell team. It was a perfect night for football. The big crowd of over 9,000 fans sat spellbound as a smaller New Castle eleven executed plays with ease and made a highly touted Farrell high machine bite the dust.

Lee Outstanding Star With the game not more than five minutes old, if that, Lee raced 35 yards for the second New Castle touchdown from the 35-yard line, on the same off-tackle play that he had scored on in the first play of the game. Farrell high by this time was demoralized. What manner of man was this Lee that they had heard so much about? New Castle had two touchdowns, a mighty big lead at this early stage in the battle.

As good as Bobby Lee looked on his two touchdowns treks one of 61 yards and the other of 35 yards, he could not have gotten very far if it were not for the perfectly executed blocks by his mates. On both runs, Lee had a gaping big hole to speed through, and his path was made safer by some very timely executed blocks.

Just before the first period ended Lee again took the spotlight and passed to Tommy Parou for 29 yards from the Farrell 34, and New Castle had its third touchdown. Stewart made his extra point try good on the third attempt. New Castle 19, Farrell 0, and that is about the whole story. New Castle simply got the jump on the Mercer countians and never let up until they had a sufficient lead.

Locals Show Defense Farrell had the ball twice in the entire first period, and could get nowhere. In fact, only once during the entire game did the Farrell team have the ball inside the New

Castle 20-yard line. The New Castle defense, as well as offense, was clicking beautifully last night. There were any number of sterling line plays that had the fans saying: "Look at that!"

Farrell had a good fullback in Jimmy Baslione, but outside of that the visiting backfield was stopped almost every time they wanted to go anywhere, until the fourth period, when Baslione passed to Mack, who ran 75 yards for the lone Farrell marker. Pruent kicked the extra point and the Farrell scoring was over for the evening. Farrell scored when most of the New Castle second team was on the field.

Young Scores on Pass New Castle's fourth touchdown came in the far-end of the third period with Lee passing to Wilbur Young, the New Castle sub right end, from the Farrell 10-yard line after New Castle had driven down the field from the New Castle 42-yard line. Stewart again missed the extra point, but it was all right with the fans. New Castle had piled in 25 points against a highly publicized Farrell high team, unbeaten since 1939 and sporting 12 straight wins.

In first downs New Castle had the better of it, making nine and granting five. The Farrell high team could not get clicking against an inspired New Castle team. Put on the defense in the first few minutes after New Castle's Bobby Lee had scored twice, the Farrell team could not recover, try as they did. The game last night gave Head Coach Phil Bridenbaugh a chance to try out several of his reserves, and this he did. Nickum, inserted into the backfield gave a pleasing performance, and so did the others. New Castle is fortunate in having good replacements.

Just Like Executioners New Castle is going to be tough to beat from here in, if they continue to play the kind of football that they did last night. Just like executioners going out to get it over with, the New Castle eleven went out there on the greensward of Taggart stadium last night and got it over with in quick fashion. Bobby Lee never played a better game than he did last night. Farrell knew before hand that Lee was good, but just how good was quickly demonstrated to them.

Last night's game was the first of a three-game series that New Castle and Farrell will play. All of the games will be played at Taggart stadium. Head Coach Hank Day following the game did not have much to say outside of this "This New Castle team certainly surprised me, they have improved greatly since I saw them take Grove City 6 to 0 in the opening game, they should go places this season."

"We'll be back again next year with a good Farrell High eleven, and New Castle had better look out," was the parting shot by the visiting coach.

For the size of the crowd last night it was very orderly. There were a number of visiting coaches in the stands last night who have to play New Castle later, and the first few minutes of play must have been a big headache to them.

On the New Castle line we cannot pick out any outstanding stars, they all played the kind of football that they are capable of. There were few mistakes made by the New Castle team last night. They wanted to defeat Farrell and they accomplished that purpose. Next week New Castle plays at Beaver Falls. The next home game is with Sharon High on Friday night October 3.

Farrell sent a team here that was big, well trained and at times tricky, but that opening display of fireworks by the New Castle team and Bobby Lee cast a shadow over their eyes and they had a hard time to shake it off. Coach Day will probably bring the Farrell boys back to earth on Monday, and turn out a lot of victories, but it wasn't in the bag last night for Farrell to ring up their 13th win in a row.

Cardinals Top Chicago 3 To 1

Cards Move To Within Half-Game Of First Place In National League

(International News Service)
NEW YORK, Sept. 20.—Those high flying Cardinals from St. Louis, straining every feather on all wings to gain the necessary altitude that will enable them to perch on the top rung of the National league ladder, were within gliding distance of the high spot today, but they needed the sheerest fine fortune to attain their goal.

The Cardinals again squared off with the Chicago Cubs, generally conceded to be a fairly tough customer around the circuit.
Cards Top Cubs
St. Louis trounced these same Bruins, 3 to 1, and moved within half a game of the idle Brooklyn Dodgers yesterday.

Even if the Cards trim the Cubs again in this second setoff of their series, the pacemaking Dodgers, although their nerves seemed strung as sharply as a fiddler's strings, had a comparatively easy foe in the future Phillies of Philadelphia. The Dodgers, moreover, engaged the Phils twice while the Cards had only a single crack at the Cubs.
Terry Moore furnished a large portion of the punch to aid Pitcher Harry Gumbert humble the Cubs. This was the lone engagement in the major leagues.

After an exchange of words in a hotel lobby, the Brooklyn pilot invited the newspapermen "out in the alley." Bystanders agreed that the resultant wild swings did no damage and Durocher and Meier forgave and forgot with a handshake.

At Akron, O.—Sammy Angott, 138, Washington, Pa., stopped Lee Shepard, 140, Cleveland, (1).

West Pittsburg And Moose Will Play On Sunday

First Game Of Championship League Series At West Pittsburg

DOMBECK-RAINEY LIKELY HURLERS

West Pittsburg's baseball field will be the mecca of countless hundreds of city league baseball fans on Sunday afternoon where the Moose club will battle West Pittsburg's "Gas House" gang in the first game of a three-game series for the city league championship. The game will start at 3 o'clock.

Interest in the series is at fever heat among the fans and followers of both fine teams. The game tomorrow will be hard fought, it being the "edge" game. The team that wins tomorrow can gamble on the next game to be played at Marshall Field on Sunday, September 28.

Look For Hurling Battle. In all probability the game Sunday will develop into a great pitching battle. Manager Danny DeGenna has selected his series ace Joe "Screach" Dombek, the Wampum boy to do the "Gas House" chucking and so far in the Shaughnessy system playoffs has won two games. If Dombek is right he will be hard to beat.

Manager "Fiz" Rodenbaugh of the Moose Club has his choice of hurlers in either Joe Prigione or Monk Rainey. Both men are tough customers on the rubber. Both are anxious to face the rampaging "Gas House" gang.

In the event of good weather the largest crowd of the season will no doubt pack the popular West Pittsburg field which is just across the highway from the new Penn-Ohio power plant.

Dutkin-Bukowski Finalists At Hills

Castle Hills golf course will be the scene on Sunday of two 36-hole matches to determine the championship of the first flight and the second flight of the club championship tourney. In the championship flight Alex "Chinkie" Dutkin will battle Stan Bukowski. In the second flight Tom Baum will battle Ted Bukowski.

Larry Gramling, manager of the Castle Hills course announced today that both matches will be played on Sunday, the players going 18 holes in the morning and 18 in the afternoon.
Both Dutkin and Bukowski had to draw through plenty of tough competition to reach the finals. Both are excellent golfers, and a great match for the club title is looked for.

Donie Bush, the ex-major league pilot, is out of the hospital after spending five months in bed.

HERE AND THERE IN SPORTS LAND

Regardless where one may go in line of duty he is sure to discover a member of the sporting profession. While covering the Harrisville hold-up and consequent gun battles in and near Ellwood City yesterday we espied Pei Boy, the former middleweight. He was in the crowd of sight-seers at the point where the bandits auto went over the hill.

Monday will be a big day in Ellwood City and this time a baseball crowd will bring people into town. Harrisville and Ellwood City will compete in the third of the five game series for the Lawrence County league championship. The series is deadlocked, one and one.

Judy Frisco won the 2:24 trot, Gay Flirt took the 2:22 pace and Josedale Guy, W. J. Volo and Wayne Scott split the Handicap trot at Washington, Pa., yesterday. W. J. Volo is owned by Roy McIlwaine of Ellwood City.

UMPS ARE KIND

Umpire Bill Klem urged Elbie Fletcher, of the Pirates, to swing a heavier club. Elbie took his advice and this year increased his batting mark almost forty points.

SHORTSTOP HAS STREAK
SYRACUSE — Woody Williams, Syracuse shortstop, turned in a 19 game hitting streak in the International League this season.

Several hundred spectators are expected to gather at Croton field Sunday afternoon for the City-County Independent Baseball League playoff games.
In the opening game, carded for 1 o'clock, the Croton A. C. faces the Bush A. C. The winner will oppose the Dewey A. C. in the second half of the bargain.

The winner will play Pulaski for the championship of the league, President Carm DeLone announced today.

HORNSBY RATES HIM
CLEVELAND — Jim Hegan, a "cookie" catcher acquired by the Cleveland Indians, ranks as one of the best prospective backstops in baseball in Roger Hornsby's book. Hegan did an exceptionally fine job of catching Bob Feller recently and even contributed a homer on the offensive side.

PROMISING ROOKIE
CHICAGO — Jimmy Wilson, manager of the Chicago Cubs, regards Lou Stringer as one of the most promising rookies in the majors. Wilson believes that Stringer will be as good as either Billy Herman or Frankie Frisch some day.

GRIDDERS COME NORTH
CLEMSON — Clemson finally will come north for a football game. When Clemson plays Football College Boston, October 11, it will be the first time a Tiger grid team has appeared farther north than West Point.

HARMON IN CLASS A
Tommy Harmon, last year's grid star, has been placed in Class 1-A and is eligible for immediate physical examination and induction into the army.

RATE ALABAMA HIGH
Alabama has been rated this season as the best team in the southeastern conference, according to a pre-season survey.

Ecclesian Club Building Will Benefit From Girl Softball Game Proceeds

Marshall field will be the scene of New Castle's first and only recognized girls softball game this season on Sunday afternoon as the New Castle Factor Variety All-Stars will battle the famous Lipscher Senators of Canton and Akron, O. The game, a benefit for the Ecclesian club building fund, will start at 2:30 o'clock.

Fans who enjoy seeing the feminine softball stars in action will not be disappointed if they attend the game on Sunday at Marshall field. The fans will see two of the finest girl softball teams in the country. The Factor girls have lost but three games in three years.

Are Real Sluggers

In the Lipscher lineup will be two girl sluggers of the old apple—Ellen Duncan with a batting average of .367 and Elaine Waddell with an average of .342. Other Lipscher stars are: Dorothy Notman, Mary Williams, Ruth Claypool and Aris Harper. The Lipscher Senators are considered one of the best girl teams in the United States and recently made a fine showing at the national tourney in Detroit.

In the Factor lineup will be such well known stars as: Ara Feldkamp, Dora Naples, one of the most sensational girl shortstops in this part of the country, Mary Mescal Wallace, Ann Factor, Jean Gerutti, Irene Domenick, Kate Smith, Jerry Gail, Helen Russo, Rose Mooney, Ann Stoltich, Grace Cooper and Ann Conwell.

On the knoll for the Factors will be the outstanding girl softball pitcher in the country, Agnes "Cannonball" Rehner. The Rehner girl throws a ball just as fast as a man. Coach Joe Factor is confident that his girls can defeat the famous Ohioans.

Dom Castelle, head of the Lawrence County Umpires association today announced that he was donating the umpires for the girls game Sunday and that the umpires would work all benefit games free.

The game will be announced play-by-play over the public address system at the field.

Temple Looks For Fine Grid Season

Return Of Andy Tomasic, Great Backfield Star, Makes Temple Formidable

Coach Ray Morrison Has System Installed; Play Difficult Schedule

By WATSON FENIMORE
(International News Service Sports Writer)
PHILADELPHIA, Sept. 20.—After half a dozen years of pretty lean pickings, the Temple Owl is sharpening his talons for a football feast this fall.

The way things look today, the wise old night bird—with a schedule tough enough to win him at least eastern honors if he clicks—should have his best season since 1935.

Tomasic Back
The fact that Andy Tomasic, Temple's great triple-threat wingback, is returning for the 1941 campaign would be enough to brighten the Owl outlook by itself, but the future positively gleams in the light of these developments:

(1) Despite the loss of four men via the draft and possible loss of more, the 40 candidates now working out at Oak Lane country day school include a plethora of veterans.

(2) Ray Morrison himself, starting his second year as Temple's grid boss, thinks the team ought to better the 1940 record of four wins, four losses and a tie.

"I base that," said the former Vanderbilt and S. M. U. coach, "on experience as much as anything else. So many of our men last year were sophomores. This year they're back with a year's work behind them."

"And last year was our first here and the coaches and boys ran into a lot of trouble understanding each other. There was a new system which made it difficult for all of us. But all that is past now. We expect to make faster progress this year and to do some things we weren't able to do last season."

Tackle Problem Solved
Tomasic, of course, is the prize in the whole aggregation—the key man around which Temple will build an attack for such formidable opposition as Penn State, Boston College, Villanova, Michigan State and Holy Cross. Ball carrier, kicker and passer, Tomasic is the cherry and white's candidate for All-American glory.

Solving an awkward tackle problem, Henry Zajowski, who expected to be drafted, has returned with hopes of a six-month deferment by his Lynn, Mass., local board. Sid

RATE ALABAMA HIGH
Alabama has been rated this season as the best team in the southeastern conference, according to a pre-season survey.

Beshunsky, regular guard in 1940, the veteran Matt Killroy and three promising sophomores are other tackle material.

Johnny Beshunsky has inside track for center with Rush Stehlin, sophomore and former Easton Hig blocking back, the runner-up center aspirant. Temple's amazing sophomore ends of last year are back. They include George Poviliatis, Johnny Mahalic, Frank Moister, Frank Ford and Cliff Seaver.

Have Good Guards
Andy Korba and Larry Brahm, former center, are the guard likeli-hoods. Al Drulis has quarterback about sewed up and the veteran George Stuch is fullback certain.

Morrison expects to add a few new wrinkles to his offensive, but to continue use of the single wingback with a balanced line in the majority of plays.

"I expect a fighting aggregation, one that will make our rivals sit up and take notice," he said, looking ahead to the opener here Sept. 26 with the University of Kansas.

"But the schedule is difficult and anything can happen."

New Castle High Band Given Hand

The New Castle High band had things all to themselves last night at the football game and they made the most of it. Farrell did not send its band here for the game.

Between halves the New Castle band of 80 pieces paraded the field and as the climax of some very fine drill spelled a huge V for victory in the center of the green Taggart stadium carpet. The large crowd gave the band a very nice round of applause.

The cheerleaders were very clever last night also as they went through their various evolutions, and inspired the students to yell themselves hoarse.

All in all it was New Castle's night and the boys and girls did themselves proud both on the field and in the stands.

FROM ME TO YOU

By MESEALL

Here it is the 20th of September . . . the world continues to go on its way . . . and no one knows which way that is . . . we are here, rather safe and comfortable . . . over there things are different. Tomorrow will be Sunday, let's stop and think about that day . . . what it was made for. And we pass along this poem:

ONLY A DREAM

I dreamed one night that Jesus came,
And stood by the side of my bed;
He smiled as only the Saviour could smile,
As He placed His hand on my head.

The light of God was the only light,
That shone in that darkened room;
And there I saw the Christ of God,
Who overcome death and the tomb.

I knew it was Him by the prints in His hands,
And the scars from the thorns on His brow;
I could hear HIM speaking as plainly to me,
As you hear me speaking just now.

He spoke of a world that was lost in sin,
With greed from wealth and power;
Fear not He said, I will hear your cry,
E'en in the darkest hour.

The storm that is raging in the East,
May lash your very shores;
For even now the enemy,
Is just outside your door.

There are many traitors within your gates,
Who would sell their very soul;
Judas betrayed me for silver,
Their price is power and gold.

Price Changes In Market Small

For Third Straight Day Mar-
ket Declines, Few Firms
Spots Appear Near
Close

(International News Service)
NEW YORK, Sept. 20.—The stock
market declined today for the third
day in a row. Majority of price
changes were small. Turnover was
around 250,000 shares against 230-
000 shares the previous Saturday.

Allied Chemical lost over a point
in the blue chips. J. I. Case was
down almost a point.

In contrast American Can gained
a point, and Eastman Kodak almost
as much.

Among other firm spots were the
glass shares, Phelps Dodge, General
Electric, International Harvester,
Pennsylvania Railroad, Common-
wealth Edison and South Porto Rico
Sugar.

The steels retreated further but
held their declines to fractions,
supported by the news of the coal
strike truce.

Small losses were suffered by the
auto shares despite belief that the
current boosts in car prices were ex-
pected to stick.

Aviations met further profit-taking.
Consolidated dropped nearly a
point, but declines in others were
small.

Elsewhere declines predominated
in such groups as coppers, rails, rail
equipments, oils, rubbers and mer-
chandising shares.

A sluggish undertone ruled in the
cotton market. A handful of special
issues suffered wide declines. Singer
Manufacturing dropped more than
3 points. Bond prices declined in-
regularly although a few rail and
top flight industrial issues advanced.

U. S. government's held at yester-
day's close in quiet trading.

Ellwood High Wins From Munhall 33-7 On Friday Night

ELLWOOD CITY, Sept. 20.—The
mile-a-minute tempo of the times
was demonstrated by the Ellwood
City High school wrestling team
which aided with the "air force"
staged a memorable blitzkrieg on
the plucky leather-girded cohorts
of Munhall High school last night
when they invaded Lincoln field
for a gridiron contest. When it was
all over the score added up to 33
for Ellwood, and 7 for Munhall.

Played under a warm, star-stud-
ded sky, the contest attracted more
than 4,000 fans of both teams, who
filled the bleachers and formed a
solid wall around the field. Tested
in their first sectional game, the
super Croft-Gills machine gave
warning that they are going to be
a spiky thorn in the side of the
other Beaver Valley teams, cherish-
ing championship hopes. Despite
their inexperience, they were really
a whirlwind last night, and pro-
viding they keep their feet on the
ground, those in the football know
are convinced that they possess
championship ability.

The fans that like scoring spec-
tacles, even though top-sided, got
their money's worth watching the
locals cross into glory land, twice
in the first, once in the second, and
twice again in the last period.

Score Early
Team followers had hardly got
settled in the stands when the Blue
and White scored. Munhall to the
disarm of their large following suf-
fered a severe case of "fumbleitis"
at many crucial points. And Ell-
wood's first touchdown came from
taking advantage of a Munhall
fumble. Conti punted from Ell-
wood 40 to the visitor's 10. Fish
fumbled in a line crash with Moskal
recovering for Ellwood on Munhall's
7. Moskal covered himself with
more glory as he shot one of his
accurate passes to Presto in the
end zone and Ellwood was out in
front 6-0. Conti's line plunge for
the extra point failed.

Unable to make a first and ten,
Munhall punted after the touch-
down kickoff. Ellwood took the
ball on their 30. On the first play,
Moskal slashed right guard and
with his teammates coming to his
aid, with superlative downfield
blocking, he raced 70 yards to score.
In the last yard, he made a flying
hurdle into victory land over a
tangled local and a Munhall play-
er. Wolfe's try by placement for
the extra point was battled down.
Time still remained in the first
quarter and Ellwood was ahead 14
to 0.

With the exultation that comes
with victory, the Croft-Gills charges
came right back to score again. It
began after the touchdown kick-off.
When a pass by Billy of Munhall
was beautifully intercepted by
Moskal, he raced 70 yards to score.
Before he was stopped on the 19
yard marker by Tong. Hitting one
side of the line and then the other,
Moskal Conti and Presto added 5
yards. With the same performance
as in the first tally, Moskal with
precision hurled a 13 yard speed-
ster to Presto, who caught it with
equal precision, and Ellwood was
leading 19-0 when a pass from Con-
ti to Clark added the extra point.
The spirit of the Munhall outfit
visibly plummeted like a roller-
coaster. Ellwood kept possession of
the ball for the remainder of the
first-half with the outstanding plays
being 14, 16 and 11 yard end runs
by Presto and Moskal and, in the
ending play, an 18 yard gain by
Conti from punt formation.

To stem the tide of defeat, Mun-
hall sent in many substitutions and
many Ellwood reserve players also
went into the game in the first half.
Second Half
Beginning the second half, the
original lineups faced each other.
There was no scoring in the third
period but toward the last Ellwood's
fourth touchdown drive began. The
teams exchanged fumbles, and then
Munhall fumbled again with Dudick
recovering on Munhall's 27. Presto
went around left end for five, Moskal
passed to Tammara for 17 yards
and the ball was on Munhall's five.
In three tries, Conti slashed Mun-
hall's stubborn line to score from
the 1 yard marker. Moskal passed
to Tammara for the additional
point. The score was Ellwood 26,
and Munhall 9.

The entire second team came in
for Ellwood. In the first play after
the touchdown kick-off, George on
a reverse from Travis "flew" down
the field for 56 yards to score for
the visiting team. Making the re-

Mail Carrier Is Not Superstitious

John Wilson, City Letter Carrier No. 13, Born On Friday 13th

John Wilson, city letter carrier number 13, isn't a bit superstitious, although he carries that ominous number on his hat every day. And, in addition to this, Wilson was born on July 13, and the day on which he was born was oddly enough Friday. But that doesn't bother Wilson one bit, and this World War I veteran states that he hasn't had a streak of bad luck as long as he can remember.

GREEN LIGHT CLASS MEETS AT HUTNICKS

Members of the Green Light class of the Madison Avenue Christian church held a meeting at the home of Billy Hutnick, East Clayton street, Wednesday evening, Grace Kelley is teacher of this group.

The president, Herbie Mullen, was in charge of the business period. Plans were made to have a "back-ward party" in the near future. Tyra Olson was in charge of the devotional period.

A luncheon was served by the host, aided by his mother, Mrs. Stephen Hutnick Sr. Next meeting will be in October at the home of Barbara Johnston.

JAMES A. McCANN MAKES SOLO FLIGHT

Lots Of Barbed Wire At Niagara

Returning from a trip to Niagara Falls, Mr. and Mrs. William Peterson of North Liberty street report seeing quite a bit of barbed wire on the Canadian side of the falls. The wire, according to the Petersons, is strung all along the ground bordering the falls and the river below the falls. The wire is evidently to keep persons from going too near the power plants in that vicinity.

JOSEPH GILMORE IS IMPROVING

It was learned today that Joseph Gilmore of North Beaver township is improving nicely in the New Castle hospital, where he is undergoing treatment for injuries sustained more than a week ago.

Gilmore suffered the loss of his hand when he had it caught in a silo filler on his farm near here.

SERVICES CANCELLED

Worship services for the Madison Avenue Christian church on Sunday, have been cancelled due to the fact that Rev. James E. Smith, pastor, is away on vacation. Sunday school services will be held as usual beginning at 9:45 o'clock.

ON FISHING TRIP

Walter Stone, Newell avenue, and Dick Carnes, Cedar street, have returned from a fishing trip to Connet Lake where they had some nice catches. Stone caught eight bass and Carnes had five.

GOAT IN DISTRICT

Persons driving along Newell avenue are attracted by the goat that is tethered there daily.

SEVENTH WARD PERSONALS

Mrs. P. Barto, Ashland avenue, is recuperating from a recent operation.

Henry Joiner, Liberty hotel, is reported to be recovering from illness.

Mrs. Rose Gangiero, South Cedar street, was a recent visitor in Pittsburgh.

Mr. and Mrs. C. E. Bell, West Madison avenue, are in Philadelphia visiting for a week.

Mrs. R. M. Barnes, West Clayton street, is visiting relatives in Pittsburgh for 10 days.

Charles Ross, North Liberty street, is reported to be improving in the Jameson Memorial hospital.

Augustine Russo, North Cedar street, is reported to be out after recuperating from an operation.

Mr. and Mrs. William Selfert, Youngstown, plan to move to West Madison avenue in the near future.

Mrs. Gertrude Ketzler and daughter, Ann, have moved from West Madison avenue to Wilmington road.

Mrs. Chris Antoline, Monaca, plans to spend the week-end at the G. D. Rainey home, Darlington avenue.

Mrs. Lee Piccutta, North Liberty street, has concluded a week's visit with her father, John Barile, of Ellwood City.

Mrs. Philomena Ritchie, has returned home after visiting with her

daughter, Mrs. Cecelia Perrotta, South Wayne street.

Paul E. Kerr, West Clayton street extension, who has been confined to the Jameson Memorial hospital by an illness for many weeks, is reported to be slightly improved.

Mrs. C. M. Todd, who spent most of the summer at the home of her daughter, Mrs. John H. McCann, West Clayton street, has returned to her home at Cameron, W. Va.

Mr. and Mrs. Mike Augustine, 22 Ashland avenue, have returned home after visiting with their nephew Thomas Augustine, at Camp Croft, S. C., and also with Mr. and Mrs. Dan Augustine, of New York City.

AROUND CITY HALL

Persons other than those who receive parking tags for motor violations do not receive serious attention in police traffic court. His Honor wants to learn direct from the persons concerned the reason why he or she should be excused from paying a fine.

Barking dogs, the time of day, chickens running at large and boys playing football in cartways are responsible for many telephone complaints to police headquarters. . . . Minors are not allowed in saloons or dance halls.

Two new revenues during the past several years bring the city about \$400,000 annually. Half comes from parking meters and the other half from liquor license fees. If the city could get, say 62 percent of the gasoline tax fund of the county, it would help city improvements. . . . Gardens were not so "hot" at the disposal plant this year according to Superintendent Frank Nugent. However, he is looking forward to residents having better gardens next spring. More than three score gardens annually are filled there. . . .

If you have a complaint about a sanitary nuisance the phone is 111, about a street, 2736, an engineering job 1109, or a city-owned lot, 2288.

Homecoming At West Pittsburg

Members and former members of the West Pittsburg Methodist church will celebrate Homecoming Day, Sunday, with a program starting at two o'clock.

Former pastors of the church will give addresses, and a program of special music has been arranged. At five-thirty coffee will be served in the basement of the church, for those who bring a picnic supper.

The evening service, at 7:30, will be conducted by one of the former pastors, and will also include special music.

STRANGE HOLLYWOOD

HOLLYWOOD, Sept. 20.—For all Hollywood's parties and social activities, friends in the screen town often see little of one another. The case of Jimmy Durante and Monty Woolley, currently working in "The Man Who Came to Dinner" at Warner Bros., illustrates the point. Their paths had crossed many times but never met, and their assignment to the picture marked the first time they had seen one another in 10 years.

HABEAS CORPUS.

Habeas corpus proceedings have been instituted by Mrs. Chauncey Lutton, formerly Katherine Joseph to recover custody of her three year old son, Sam Joseph, Jr. The hearing will be held Monday, September 22, at 9 o'clock a. m.

Recently a divorce was granted and after the divorce the boy was kept by his father Sam. The mother now claims the father is not the proper person to raise the child and asks custody.

TO ATTEND CONVENTION.

County Commissioners George H. Bolinger and Joseph F. Travers will attend the convention of the county commissioners this year which will be held in Wilkes-Barre, September 28, 29, 30 and 31. County Solicitor William McElwee, Jr., will also attend the convention.

SOLDIER VOTE FACTOR.

If the election in November happens to be a close decision in any of the offices it is possible the people will not know the result until after November 14. The service men's ballots will be counted until the second Friday after the election day and any considerable number cast for one candidate could easily turn the tide in a close election.

The idea of people with boys in the service sending them word of their right to vote is catching hold. It is urged that the boys be notified and that they write a letter to the county commissioners. Captain Roger W. Rowland, chairman of the Republican county committee has received a number of applications for ballots and will have them sent to parents of boys in service if their names and addresses can be secured.

Schedule Begins At Westminster

Classes To Be Started On Monday At New Wilmington Institution

(Special To The News)

NEW WILMINGTON, Sept. 20.—With the scheduling of the All-College Who's Who this Saturday night at 8 o'clock in the Westminster college gymnasium, "classes as usual" continue their regular schedule Monday.

Enrollment figures will not be released until next week, with the expectancy of a slight decrease in male-enrollment because of the draft and a high degree of industrial employment.

The extra-curricular committee, headed by Dean Mary Turner, meets Monday night, Sept. 22, to plan the social calendar for the entire year.

During the week, information Please, a combined calendar and director of faculty and students, will make its initial appearance, under the sponsorship of Pi Delta Epsilon fraternity and the New Bureau. The 96-page booklet will list all of the important dates for the year; carry the names, address, major, and fraternity of all students; and will carry a page-calendar for each week of the school year.

Freshman "dinks" have been passed out to all freshmen. They will be required to wear the blue and white caps until the final football game of the season, Homecoming day, November 8, when the Titans tackle Grove City's crimson-jerseyed team.

Capt. Mitchell Is Staff Officer

Lieut. Eakin Takes Up Duties As Commanding Officer Of Battery F

By JOHN BALL

Special News Correspondent
CAMP SHELBY, Miss., Sept. 11.—Receiving a reassignment relieving him from command of New Castle's Battery F, of the One Hundred and Ninetieth Field Artillery, Capt. George F. Mitchell recently assumed his duties as staff officer in the Second Battalion of the "big gun" regiment.

Captain Mitchell has been appointed as the Battalion S-3 and will have complete charge of the plans and training activities of the Second Battalion.

Supervising and creating the training schedules and conducting the tour of duty for approximately 600 men of the battalion will be Captain Mitchell's job. The position requires the attention and services of a highly finished soldier and artilleryman.

With the loss of Captain Mitchell as the skipper of Battery, the replacement with a commanding officer has been considered quite favorably with the designation of Lieut. Edward G. Eakin as the commander.

The duty of command is not at all new to Lieutenant Eakin. He was in full charge of the Lawrence county battery for three months this year while Captain Mitchell attended the officer's field artillery course at Fort Sill, Okla.

During the current maneuver period, the 155 millimeter gun outfit from Pennsylvania has been responsible for furnishing the entire military police detail, camp and stockade guards, aside from its own regimental guard.

New Castle soldiers have conducted the M.P. job most expertly for the past month with the other New Castle unit, the Second Battalion Service Battery, detailing personnel to the camp and stockade guard.

Captain Mitchell in charge of all the guards is the field officer of the day and under his immediate direction all guards are supervised and coordinated.

Other officers assigned to military police duty are New Castelles, Lieut. Edward Eakin and Lieut. James Krug.

Lieut. John G. Shaffer of Altoona, currently assigned to Battery F is included among the officers of the guard.

New Castle Exchange club members will hold their weekly dinner meeting in The Castleton Monday evening at 5:45 o'clock.

SETS UP RESEARCH FUND

(International News Service)
NEW ORLEANS, Sept. 20.—Hotel Dieu of New Orleans has been designated as a center of medical research through establishment of a fund by William G. Heils, local oil magnate.

To be known as the Heils Institute of Medical Research, the clinic will be used for conduct of research in all fields of medicine, it was said.

The extra-curricular committee, headed by Dean Mary Turner, meets Monday night, Sept. 22, to plan the social calendar for the entire year.

During the week, information Please, a combined calendar and director of faculty and students, will make its initial appearance, under the sponsorship of Pi Delta Epsilon fraternity and the New Bureau.
